

Muddobbers M/C Enduro
Upland, IN
10/9/05
By Brent Floyed

Blair Bersano continued his domination of District 14 Enduro's this year with a convincing win at the 52nd Upland Enduro. Blair put a point on his competition at every check to take a 6-point win with a 24. Cody Mastin was the first of three riders with a 30 to take 2nd. Leonard Keen and Andrew Stokely also ended with a 30 apiece and finished 3rd and 4th Overall.

The Muddobbers could not have asked for a better day to host this years Enduro. Cool, partly Sunny and trails that turned into perfect traction. We were also fortunate to have the support of 90 landowners for 6 excellent sections. Many riders commented that the trail just kept going and going. And as a bonus the River crossings, all 4 of them, only claimed a couple victims. I really did want everyone to make it through all the river crossings and even offered advice at the Riders meeting, but you and I know not everyone is intended to finish an Enduro. Just ain't gonna happen no matter what.

The club would like to personally thank each rider for supporting this race. We also want to invite everyone back next year to ride the 53rd Upland Enduro. We would not take this on if it wasn't fun, and we want you to have fun riding this great Event. Some say Enduro's are a thing of the past. And someday the magazines may be right and we all will be riding loop races. But like my friend Charlie Williams says, that like being in a cage. As long as there are Enduro's and clubs willing to put them on, make the contacts with the landowners, keep outlaw riders off the trails, you should support the best and purest form of AMA racing.
